About Expertrons

Who we are

Expertrons is the world's first AI video bot platform created to help students and professionals prepare for interviews and increase their chances to get hired through referrals.

At Expertrons, we connect aspirants with experts from top companies who provide them with tips and tricks to land their dream career.

Mission

Our mission is to be at the forefront in career guidance and management space enabling the youth to start their career in the right direction and professionals to upscale.

Vision

To empower youth and professionals shaping their career to make better decisions with the help of our experts using AI and videobot technology.

Jatin Solanki

Co-Founder, IITB Alum

"Talent always wins, and our approach brings together such talent and pushes them closer to their dreams."

Vivek Gupta

Co-founder, IITB Alum

"Although the pandemic has hit us badly, we are on the mission to not let the pandemic of unemployment hit us, through our Career Transformation Programs."
